“We at Kuon Gameworks are passionate about RPGs. But RPGs are big, and require a lot of time to play. That means it’s hard to experience the game as it comes out, and harder still to play it at the same time. That’s where we feel like we’re up against a wall. We’re slowly nudging our way past the wall, with the intention of opening the way to the lands of the Elden Ring.” By HIRO KOMUCHI The creator of the brand-new fantasy RPG Kuon Gameworks has been waiting for 30 years to sit down with the like-minded friends who wish to immerse themselves in an RPG. “My dream since I was a little kid has been to have a land where everyone who wants to play an RPG can do so.” It is that dream that Kuon Gameworks is developing. In the newly released action RPG, players embark on a journey across a vast world of countless people to reach the Lands Between. Here, a growing number of Elden Lords grow

closer to the realm of the gods. With their duties and powers bestowed upon them by the gods, Elden Lords have the ability to mold their surroundings to serve their ideals. The Lands Between is a world of dreams and legends that weaves its spell on the people of Ul Ninn. However, a mysterious plague is sweeping across the people. It comes in the form of a life-like egg, which may take the form of an ordinary appearing animal or a life-like monster. The most frightening thing about these eggs is that their form can change at the touch of a finger. Thus, the Elden Ring is in danger from the player's hand. As the only savior of the people, players are faced with a choice: either save the people and make amends by hunting down the culprits responsible for this plague, or be the culprit and take revenge on those who have wronged you. Players who finish the game will feel like they have lived a good life, and will have experienced an event to

remember for a long time. “We plan on making this game look like a painting that doesn’t quite fit together.” “The user interface is designed to feel very simple. We’re working on making all the information that you’ll need to use the game accessible in a more intuitive

Elden Ring Features Key:

3D High-polygon models The model quality is smoothly rendered through their combination of five degrees of freedom regardless of how they move. Hears stunning lighting and smooth animation.

Reviture of the battle system While developing the Elden Ring brand, the belief that it was appropriate to change the party battle system became the development basis. This change has redefined the stage of defense, combined beautiful aesthetics and improved the battle mechanics, so as to have the most meaningful and grand attack combat.

Seven races The Ystari race is a race of light and leads a secluded life, even refusing to enter society. The Charr race is quick and ferocious, having unique magical and combat skills. The Lupari race is a high-temperature race that crawls around, their main ability is to use magic, whereas the Shifty Fritter is a race of floating marble. The Seeth are a race whose skin becomes transparent through exposure to the sun, they have extraordinary vision and are also noted to have beautiful skin.

Possessive and romantic Each race has unique original and romantic features, and making use of this special atmosphere will help you to become a unique character that draws the attention.

Smart creation system By using a simple construction method, you can make characters you fall in love with in an easy and convenient manner.

Stunning combat thanks to a rich battle system Additional freedom and team play make the battle system come alive. Every fight, every attack will leave an unforgettable mark in the battle.

Lively and dynamic online play Enjoy the play style you like by grouping up with other people and traveling together.

Free fighting battles Since the rankings are displayed on the screen, you will be able to celebrate battle victories, to prevent the loss of personal rank, and will be able to challenge friends.

5 different classes Explore each class to unlock your desired combat style. Each class has characteristics opposite to those of the other classes and you can customize your own class.

"The new fantasy action RPG Rise, Tarnished is in the hands of the HEXAGON development team... Rise, Tarnished is a very nice visual novel adventure game, which makes the player think about good morals. You can find a lot of nice details during the game, whether it be a great battle, a good conversation or an unusual place. I think the game fits the expectations of a fantasy RPG. A lot of things are not explained and you have to play the game as you read and decide yourself." Complete Gaming News "Rise, Tarnished is an entertaining game with a great story and a unique online element. The slow pace of the story can put off some players, but the game is satisfying at any speed. Hopefully HEXAGON will continue to produce more games like this in the future. Even though it is not exactly a F2P game like others we have reviewed, I think this one is more worth a try than

those. If you like adventure games, stories, and fantasy content with nice visuals then Rise, Tarnished is a game you should check out." MMORPG.com "If you want a unique and challenging experience then HEXAGON's Rise, Tarnished is for you. It's great fun, with an absorbing story. It's one of those rare RPGs that are fun to play alone and even better when you invite a friend to join you." RPG Codex "If you're willing to push yourself to play Rise, Tarnished as a character that might be better off dead, you'll find a compelling experience of moral choices and impact on the world." Playfire "Rise, Tarnished is a great character-driven RPG with a perfect mix of dark fantasy with a touch of sci-fi. The story is engaging and compelling, the player's actions have a real impact, and there are many thoughtful moments where you decide to do the right thing or do the wrong thing. The protagonist character can be pretty annoying at times (due to the

limited character development), but the supporting characters and the world itself has a strong moral core which really adds to the appeal." Gamezebo "Rise, Tarnished is a thoughtful game, that leaves you with a feeling of accomplishment. The story is compelling, and the visual style and presentation makes the game easy to get into. The only major downside that the

They're not hoarding, are they? Not necessarily. Just because they may not have much doesn't mean they don't have something. Just taking the time to show interest might be enough in the morning. It's a great way to start the day. Now, you don't need to show interest to be 'creeped out' by someone's choice of tights. Some of the things they selected are likely to cause you emotional harm. Tights You may regard something as sexy depending on your perspective, but tights are not. Tights are just something you wear. If you're feeling nice towards someone, consider asking if they want to take the top shirt off and see what it looks like inside. Do not do this if they are wearing tights or any other clothing that covers you but reveals the top half of your body. Next, you may look into the person's shoes. Shoes on a sleeping person aren't a good idea. Shoes are probably fine, but the person's choice of shoes is interesting, and that can be explored when you ask about their choice. This is only if the person chooses to pull them off. And don't go for the shoes that have a thong
